Understand your eligibility

Access to VA benefits and services depends on your eligibility. Eligibility is determined using different factors depending on the benefit. While a lot of information is used to determine your eligibility for benefits, **one critical factor may be your disability rating.**

What is eligibility?

VA uses “eligibility” to describe **the benefits and services a Veteran can access**. Each benefit you are trying to access may require a different set of eligibility factors. For example, you may be eligible for the GI Bill but not for VA Health Care. If you are interested in a certain benefit, work with VA to determine your eligibility.

How is eligibility determined?

VA considers a different combination of factors for each benefit, which could include your **disability rating, service history, medical need, and income level.**

Understand your Disability Rating

Your disability rating is one of several factors that affects your eligibility for benefits and services. **Your disability rating is important because there are a number of services available only to Veterans with a disability rating.**

What is a disability rating?

A disability rating is a **rating VA gives you to describe how much your service-connected disability impacts your daily life.**

A “service-connected” disability is an injury, disease, or condition that you got or was made worse during your military service. **Disability ratings range from 0%–100%.** A 0% rating means your disability does not affect your everyday life. Any rating, including a 0%, makes you eligible for certain services. While you might feel your condition is not serious, you should still consider applying for a rating.

How is a disability rating determined?

You must file a claim for disability. VA determines your rating based on the evidence you provide (which includes your medical records and DD214) and the severity of your condition. Once your claim is processed, you will receive a disability rating. To find out more about filing a claim, call (800) 827-1000 or visit va.gov/disability-benefits

WHAT BENEFITS AND SERVICES CAN YOU ACCESS WITH A DISABILITY RATING?

Some benefits and services include:

- Disability Compensation
- Vocational Rehabilitation & Employment (VR&E)
- Increased Health Care coverage
- Federal hiring preference
- VA Home Loan fee exemption

WHERE CAN YOU GET IN-PERSON HELP?

*You can receive help preparing your claim from a **Veterans Service Organization (VSO).***

To find a VSO, visit www.va.gov/ogc/apps/accreditation and search by state. You can also find VSO information on eBenefits: www.ebenefits.va.gov/ebenefits/vso-search

Find out where VA fits into your life

No two Veterans are the same. You might experience many of these important life moments in a different order. **Based on where you are in your life, VA can serve you in different ways.** Use this map to explore how VA can support you both now and in the future.

WHAT DO YOU NEED?

How can I use this map?

- Determine where you are in your journey
- Review the benefits information for where you are in your journey
- Read ahead to discover how VA may be able to support you in the future

If you are interested in a VA benefit, make sure to work with VA to determine your eligibility as soon as possible.

3

REVIEW AND DECISION

- ☐ **Call** (877)-222-8387 (press 2) if you haven’t heard back from VA more than one week after you’ve submitted your application

WHAT ARE PRIORITY GROUPS?

During enrollment, each Veteran is assigned to one of eight priority groups based on different factors. Your priority group may affect what type of VA Health Care services you can access and how much you will need to pay for those services.

4

NEXT STEPS

If approved, take steps to access the benefits you are eligible for:

- ☐ **Review priority group assignment** and personalized benefits handbook mailed by VA after enrollment
- ☐ Contact your local VA Medical Center to **set up an appointment**
- ☐ Make an appointment to obtain your **Veterans Health Identification Card (VHIC)**

WHAT IS A VHIC?

A **VHIC** is a photo ID that gives you access to VA Health Care facilities. When you’re enrolled in VA Health Care, you can get a VHIC by making an appointment with your local VA Medical Center to get your picture taken for your VHIC.

Information you'll need to know to access VA Health Care:

Am I eligible for VA Health Care?

Some factors that VA may consider when determining eligibility include:

- VA has rated you for a service-connected disability
- You received a purple heart or are a former Prisoner of War
- You are a combat Veteran who separated within the last 5 years
- You are eligible for Medicaid benefits
- Your family income is below the income threshold
- You served in Vietnam, Southwest Asia during the Gulf War, or Camp Lejeune during certain periods of time

Note: Not all Veterans are eligible for VA Health Care. Work with VA to determine your eligibility as soon as possible.

What does it mean to be assigned to a priority group?

If you are eligible to enroll in VA Health Care, you will be assigned to a priority group based on your eligibility. **Your health care eligibility determines what type of VA Health Care services you can access and how much you will need to pay for those services.**

How do I schedule my first appointment?

- **On your health care application** you can ask VA to call you to schedule your first appointment
- **Call** your local VA Medical Center to schedule an appointment

What if I live far away or can't get an appointment?

The **Veterans CHOICE Program** allows Veterans who live far from VA facilities or who face long wait times for a VA appointment to seek the care they need from an approved private doctor in their community.

- You are eligible if you live more than 40 miles from the nearest VA Medical Center or you have to wait more than 30 days for a VA appointment, or you face one of several specific travel burdens
- **Visit** www.va.gov/opa/choiceact to learn more

Will I be covered for emergency care?

The most important thing in an emergency is to get to the nearest hospital. If this is a VA hospital, you may be covered under your priority group eligibility. VA will only pay for emergency care at non-VA facilities **under certain circumstances.**

- After receiving emergency care at a non-VA facility, **call** VA immediately to understand what VA may cover.

Where is my nearest VA Medical Center?

- To locate **your nearest VA facility**, visit va.gov/facilities

OTHER QUESTIONS YOU MAY HAVE:

What are my health care options for myself and my family?

VA Health Care is one of many health care options Veterans may have, including TRICARE, Medicare/Medicaid, and private insurance plans. In most cases, **family members and dependents are not eligible for VA Health Care.** It's important to figure out which option is best for you.

VA Health Care counts as your health insurance under the Affordable Care Act, so you won't have to pay a tax penalty. However, **Veterans enrolled in VA Health Care are not eligible for health insurance subsidies.**

→ **Visit** healthcare.gov/veterans to learn more

How does VA support recent combat Veterans?

Combat Veterans **can get five years of "cost-free" health care** following separation and remain eligible for VA Health Care as long as they enroll within five years of separation.

How does VA support Military Sexual Trauma (MST) (MST) survivors?

VA offers free **counseling and support services** that help Veterans recover from trauma. You don't have to be enrolled in VA Health Care to access MST services.

What services are included in VA Health Care?

- Preventative Care (e.g. check-ups)
- Outpatient care (e.g. mental health care and substance abuse counseling)
- Inpatient care (e.g. surgery)
- Medications and supplies

Apply for a Disability Rating

The type of claim you want to apply for depends on if you've filed before, if your conditions have changed, and how much responsibility you want to take to gather required documents. **Review the chart below** to determine what type of claim you should file.

WHEN YOU FILE	TYPE OF CLAIM	WHAT'S THE DIFFERENCE?
Pre-discharge More information at: www.benefits.va.gov/predischarge/index.asp	Benefit Delivery at Discharge (BDD)	Filed 180 - 90 days before separation; processed faster than post discharge claims

OTHER QUESTIONS YOU MAY HAVE:

Why is receiving a disability rating important?

You need a service-connected disability with a rating in order to access certain VA benefits and services, including:

- Disability compensation
- Vocational Rehabilitation & Employment (VR&E)
- Level of VA health care coverage
- Increased preference in federal hiring
- Fee exemption for VA home loans

Note: You can apply for a disability rating anytime throughout your life.

How does my disability rating affect my family?

If you are eligible for disability compensation, you may be paid additional amounts if you have a spouse, dependent child(ren), or dependent parents, and they may be eligible for additional benefits.

- To learn more, call your **Regional Benefits Office** or visit us **online** at www.benefits.va.gov/compensation

What if my condition doesn't affect my every day life?

A **0% disability rating does not qualify you for compensation, but you may be eligible for other VA services, such as VA Health Care.** While you might feel your condition is not serious, you should still consider applying for a rating.

Get started with Caregiver Benefits

This guide will help caregivers of Veterans access support at VA that may include caregiver education and training, mental health services, peer support, access to health care benefits, financial assistance, and respite care.

Am I a “caregiver”?

Often people do not identify themselves as a “caregiver.” Most of us, at some point in our lives, will be in a caregiver role. Caregivers are daughters, wives, husbands, sons, grandchildren, nieces, nephews, partners and friends. Caregivers manage a wide range of responsibilities. **Here’s how you know if you are in a caregiver role.**

Do you:

- ☐ Buy groceries, cook, clean house or do laundry for a Veteran who needs help doing these things?
- ☐ Make medical appointments or drive to the doctor and pharmacy to pick up prescriptions for a Veteran?
- ☐ Help a Veteran get dressed, take a shower, or take medicine?
- ☐ Help transfer a Veteran in and out of bed, or with physical therapy, injections, feeding tubes or other medical procedures at home?
- ☐ Talk with doctors, nurses, social workers, and others to understand what medical care or other benefits a Veteran might need?

If you answered “yes” to any of these questions, you are a caregiver and may be eligible for caregiver services at VA.

Who can help me determine which programs and services are available to me and the Veteran I care for?

Caregiver Support Coordinators are social workers and nurses with extensive knowledge of VA benefits and can help connect you with the resources you need.
